

## Mercenary

muziek: Harmen Nuesink; tekst: Jan Bosch (©1986)

### couplet I

Kill to make a living,  
doesn't matter why.  
For the money I was given,  
I'd made my mother die.  
Soldier of fortune,  
I kill at your command,  
I do what you want me to,  
for only six grand.

### refrein

Death is just a state of mind,  
killing with a smile.  
Now you leave this world behind,  
don't argue with my style.  
Murder's just a job to me,  
I live by the sword.  
Cruel and mean mercenary,  
I'm heartless, it's my force.

### couplet II

Shotgun in the night,  
body on the ground.  
Suddenly the sirens cry,  
cops are all around.  
I'm caught in this trap,  
bullets (are) hitting me.  
My God, I will bleed to death,  
end of a mercenary,...

### brug

No one I can trust,  
my friends turn their backs.  
Living in fear,  
hiding in the dark.  
Always knowing every minute,  
can be my last.  
When I fall,  
a shot will end my life,...
